---

## SUMMARY

A motivated and eager Bachelor of Information Management (BIM) student seeking an internship opportunity to gain hands-on experience in software development and contribute to real-world projects.

---

## SKILLS

- JavaFX
  - Core Java
  - MySQL
  - HTML
  - CSS
  - Figma
  - ThymeLeaf
  - SpringBoot
  - Angular
- 

## PROJECTS

### Craftify(Web-based Application)

- Developed a e-commerce website for handicraft products using PHP.
- Implemented features such as user authentication, product catalog, shopping cart, and order management and inventory management.
- Designed and managed the database using MySQL to handle product information, user data, ,order details and inventory details.
- Created a user-friendly front-end interface with HTML, CSS, and JavaScript, ensuring a seamless shopping experience.

### Payroll Management System

- Developed a Payroll Management System using Java.
- Designed and implemented a system to automate employee payroll processes, including salary calculation, tax deductions, and generating pay slips.
- Created a user interface using JavaFX for HR to input employee data, view payroll reports, and manage employee records.
- Utilized MySQL for secure storage and efficient retrieval of employee and payroll data.
- Implemented role-based access control to ensure data privacy and security.

### Learning Management System

- Developed a Learning Management System using Java/Spring Boot.
  - Implemented core features like course creation, enrollment, assessments, and grade management.
  - Designed and developed a RESTful API using Spring Boot to handle user interactions and data flow between the front-end and back-end systems.
  - Utilized Thymeleaf for creating dynamic views and delivering a responsive user interface for both students and instructors.
  - Integrated with a MySQL database for secure storage and efficient management of user data, course content, and grades.
  - Ensured system security through role-based access control, separating student, instructor, and admin functionalities.
-

EDUCATION

|  |                             |
|--|-----------------------------|
| <b>Bachelors in Information Management(BIM)</b>  | <b>April 2021 - Present</b> |
| National college of Computer Studies Affiliated to Tribhuvan University  |                             |
| <ul style="list-style-type: none"><li>• Relevant course work in Information Systems and Database management.</li></ul> |                             |
| <b>+2 Computer Science</b>   | <b>2017-2019</b>            |
| National College of Computer Studies (NEB)   |                             |
| <ul style="list-style-type: none"><li>• Fundamental concepts of IT , Computer Science and programming.</li></ul>       |                             |
